South Suffolk Lot 28

Foreward

The Waterton Sheep Stud was first registered in 1959 by the late Peter Hampton. Waterton, situated between the Ashburton and Hinds Rivers on the coast of Mid Canterbury, was the home of the sheep stud until 2008 when Chris and Annabelle moved to Belmont Station, an 816ha rolling to steep 5500 su sheep and beef property at Cave South Canterbury.

The stud consists of 450 stud ewes, which are treated like all other commercial ewes on the property.

Our objectives are to breed structurally sound rams that last. Clean well-balanced shoulders with plenty of meat and high SIL performance. We use a balance of all the above attributes, so you can be confident the 'Waterton' ram you purchase will perform well for many years.

This year we entered a Charollais/Perendale cross lamb in the Mint Lamb competition at the Canterbury A&P Show. The ewe lamb weighed 38.5kg at 9 week old and killed out @19.4kgCW with a VIA scan of 60.4% yield, the 4th best yielding carcass which was placed 4th out of 36 in the in the crossbred class.

We killed 2/3 of the mob 10 days later (@80days) at 37.5kgsLW and 17.8kgCW.

Charollais Sire Waterton 35/15 is ranked 1st on the SIL National Across Flock and has sons in this year's catalogue including Lot 50, C559/16, the number 3 ranked Charollais ram hogget in NZ.

All Suffolks are sired by home bred rams.

V382/14 was 2015 Champion Suffolk at Ashburton show as a ram hogget. He has sired a lot of big bold rams including Lot1, 2, 3.

P88/14 was a top scanning ram for his year and has passed his good traits onto his sons.

Y317/13 Top SIL Sire and sire of last year's top priced rams.

The majority of South Suffolks are all by I235/12 and his son L290/13 who had good sons last year.

Waterton again won the Sire of the Future Class at the Mackenzie Show, the 3rd time out of the last 4 years with a pair of Charollais X ram lambs. Both are being offered in this catalogue. Lot 50 and Lot 53. We were also placed 3rd with a pair of Suffolks, Lot 4 and Lot 9.

The Charollais are smaller at birth but grow well into a good carcassed lamb. They appear to be an ideal hogget mating option.

The Charollais Suffolk cross gives the best of both worlds with the Suffolk's growth and Charollais's hind quarter with a dark head

Glossary of SIL estimated Breeding Values = e BV

NZTW = NZ Terminal Worth
Overall index

WWT = Weaning Weight

LW8 = 8-month weight

EMA = Meat Scan

FAT = Fat over Loin

Higher the better

Lower the better

Peter Hampton

On Monday 20th March 2017 Peter Hampton, founder of the 'Waterton' Suffolk, South Suffolk and Charollais sheep studs, passed away within 20 hours of having a family dinner in Wellington with all his children, their partners and all his grandchildren.

This was unexpected and a massive shock to Peter's family and friends.

Peter was always a passionate sheep breeder. He purchased his first South Suffolk in 1959. Peter always wanted some Suffolk ewes, but they were very difficult to source in NZ so in 1969 he imported 6 Suffolk ewes from Australia and these arrived in NZ on New Year's Eve 1969.

In 2012 Peter and Chris purchased 14 Charollais Sheep embryos.

Peter always had a soft spot for the South Suffolks and was made a life member of the Breed.

In 1987 Peter thought the South Suffolk breed needed to improve and to do so they needed to run a commercial trial to find the best South Suffolk genetics and utilise them to accelerate the genetic improvement of the Breed. So, the best 12 rams from all over NZ were brought together and mated to 30 commercial ewes each and the resulting progeny were tagged at birth and taken through to slaughter at Alliance, where all the carcasses were cut mechanically and weighed. Peter offered the trial to be run at Waterton and that Chris would be happy to tag all the lambs at birth because he was younger!

These trials went on for four years. Almost 30 years later Beef & Lamb are now running a similar trial called the CPT (Central Progeny Trial). Some of Peter's forward thinking was the beginning of the CPT today.

In 1980 Peter exported a Suffolk Ram to Australia which performed well for many years.

In 1982 Peter was asked to send a South Suffolk ram to the Perth Royal Show. This ram won its class and was sold for an Australian record of \$3650 up from the previous record of \$900. There were five more rams exported to Australia and in recent years the Waterton Stud has exported semen all over the world.

Peter judged at numerous shows all over NZ and in 2002 was asked to judge at the Perth Royal.

In Peter's opinion a sheep had to be functional and structurally sound, have a good shoulder for ease of lambing, good length to hang plenty of meat on and they had to have a good loin and well filled hindquarter. All attributes found in the trials.

Peter was a respected sheep breeder, neighbour, husband, Father and grandfather and mentor who has left big boots to fill.

We will miss not seeing him sitting on a rail talking about the rams on the 19th.

Conditions of The Helmsman Sale

1. Sale will be conducted by Peter Walsh & Associates Limited in accordance with the conditions of sale as set down by the New Zealand Stock & Station Agents Association, copy of which is exhibited at the sale venue.
2. Sheep will be offered as catalogued, subject only to final draft.
3. All intending purchasers must register prior to commencement of sale.
4. Each lot shall become the property and responsibility of the purchaser on the close of the sale.
5. Terms will be strictly cash before taking delivery of any animal unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of the sale shall bear interest at current rates per annum from date of purchase.
6. Sale will be conducted GST exclusive.
7. Purchasers must give complete delivery instructions to the office using one of the delivery instruction sheets in the back of the catalogue, and receive delivery docket before removing the animals.
8. The description of the sheep in the sale are supplied by the individual vendor who alone is responsible for their accuracy.
9. The vendor reserves the right to alter the order of sale.
10. If a ram requires a stud transfer the minimum price of \$1500 will be incurred or the blackboard price, which ever is the highest.
11. Under OSH regulations all visitors must take care and responsibility on sale day for their own safety.

Disclaimer

All intending purchasers are required to register at the sales office prior to the sale.

A purchasing rebate of 6% will then be paid to non-participating livestock companies and recognised independent livestock agents with approved credit facilities introducing and/or accompanying buyers to the

sale. Arrangements must be made Prior to the sale and settlement made on the purchasers behalf within 14days.
