EYE MUSCLE SCANNING ACCREDITATION

Due to concerns within the sheep breeding industry regarding there being no quality assurance controls in place for eye muscle scanners, the New Zealand Sheepbreeders' Association along with Lincoln University, supported and funded by Meat & Wool NZ invited all eye muscle scanners to attend two workshops at Lincoln University.

The Scanners eye muscle scanned 25 sheep twice, with their results being tabulated and analysed by Lincoln University using a formula developed following the first workshop. Only subject to their figures lying within the criteria established, was their accreditation approved.

Following the two workshops the Accredited Scanners are -

Peter Clulee, Outram
Rowan Farmer, Dunedin
Brent Macaulay, Christchurch
Barry McLellan, Dunedin
Chris Spark, Foxton
Mike Sweetman, Dunedin
Melinda Wheeler, Hawkes Bay

BREED COMMITTEES (Elected 2010)

(Asterisk denotes Chairman of Breed Committee).
